ELBA, ALA. JULY 29, 1930.

No town was ever built on "hot air" alone, but no modern town has ever been built without it.

We understand the high land across the river from Elba is to be laid off into building lots and put on the market. The land is well located and will make very desirable residence lots.

Sunshine the two first days of the week, and several days of cloudy weather is ideal for the crops.

Mr. Roosevelt has grown to be a joke since he returned from Africa. His latest is that "he is afraid the people will think he is assuming the rule of political dictator."

The worlds most successful medicine for bowel complaints is Chamberlain's Colic, Cholera and Diarrhoea Remedy. It has relieved more pain and suffering, and saved more lives than any other medicine in use. Invaluable for children and adults. Sold by All Druggists.

"A part of a Laurens' county, Ga., farm that was bought 30 years ago for \$700, sold during the past week for \$85,000. A firm which sold \$45,000 of farm lands in a south Georgia county in a week's time gives much of the credit for the sales to the good roads in that county."

Mr. William Jennings Bryan, editor, lecturer, dictator and sometimes democratic nominee for president, met defeat at the hands of his own party in his own state this week. Possibly it may eliminate Mr. Bryan as the only living democratic leader, and the party will be able to create another champion lecturer at its next convention.

A general mail of woe is going up from many sections of the state on account of increases in tax values made by state tax commissioners. Much property is being assessed at a higher valuation than heretofore and some is being uncovered that has not been returned. The rich and the poor all kick alike against taxes but the state needs the money and it must come.

Appreciation.

The management of this store most keenly appreciates the generous patronage and confidence that has been given us by the people of Elba and vicinity. Without this confidence such a complete drug store would be impossible in a town so small as Elba, but because of this patronage we are able to keep fresh and pure everything in the drug line.

We would also thank the good people for the interest taken in our prize Piano contest. It is a rich prize and is being most strenuously striven for. Never or an instant has the interest lagged and each day brings new voters to our store.

Come in and join the happy, pushing band.

The editor of Alabama paper stated that he picked up a Winchester rifle recently and started up the street to deliver the weapon to its owner. The delinquent subscribers got it into their heads that he was on the warpath and everyone he met insisted on paying what they owed him. One man wiped out a debt of ten years standing. On his return to his office he found a load of fifteen bushels of corn ten bushels of potatoes, a load of wood and a barrel of turpentine that had been brought in. Will some one please lend us a Winchester for a day or so?

Sufferers from indigestion are waking up to the fact that Chamberlain's Colic, Cholera and Diarrhoea Remedy is only a makeshift in the cure of so troublesome a complaint as chronic indigestion. What is required is something that will not only relieve but will also cure the disease permanently, as the basis of indigestion is a weak stomach and the digestive apparatus to again do its work normally, and this alone cannot be accomplished.

There is something more to the cure of indigestion than sweetening the breath, and yet a remedy that only cures temporarily, as the basis of indigestion is a weak stomach and the digestive apparatus to again do its work normally, and this alone cannot be accomplished.

Dr. Caldwell's Syrup Pepsin is a laxative, a stimulant, a blood purifier, a tonic, a cathartic, a liver tonic, a cure for indigestion, a cure for constipation, a cure for headache and similar complaints. Its ingredients will not only tone the stomach and bowel muscles but they will also do their work normally, and when that has been accomplished, the cure is over. Pepsin, Stomach, Va., was a long-time sufferer from indigestion. He had tried many remedies, but they all failed. He had been told that pills and tablets, naps, "cures," cures, were at best only temporary relief. They first accepted the free sample, they bought Syrup Pepsin of their druggist at fifty cents and one dollar a bottle.

Do you really appreciate what a New Perfection Oil Cook-Stove means to you? No more coal to carry, no more coming to the dinner table or tired out that you can't eat. Just light a New Perfection Stove and immediately the heat from an intense blue flame shines up to the bottom of pot, kettle or oven. But the room isn't heated. There is no smoke, no smell, no outside heat, no dripping in the kitchen where one of these stoves is used.

NOTES
It is stated a Representative from the National Capital of Pennsylvania, who introduced the president's anti-injunction bill, said that the subcommittee of the house judiciary committee may report a bill to the full committee soon. He is uncertain whether there will be any hearing of the bill because up to this time there has been no request from any one to be heard. In his opinion the bill will be passed at this session, as it has had the president's endorsement.

Former President Roosevelt is to be invited to head the Panama canal exposition which may be held at Washington in 1915 to celebrate the completion of the canal, according to former District Commissioner H. B. P. MacFarland, chairman of the joint committee of the Washington commercial organizations, who has the matter of holding the Panama exposition in charge.

Chairman Weeks, of the house committee on postoffices and postroads, has said that the subcommittee having in charge the senate postal savings bank bill is slowly getting together and there is every indication that an early report will be made to the full committee.

Mrs. Charles W. Morse, wife of the convicted New York banker, has been in Washington obtaining signatures of members of congress to the petition for pardon for her husband, who is now confined in the Atlanta Federal penitentiary.

William L. Chambers, of Washington, has been appointed as third arbitrator in the controversy between the Brotherhood of Locomotive Firemen and the railroads operating west of Chicago.
